

PROGRAMME OUTCOMES , SPECIFIC OUTCOMES AND COURSE OUTCOMES

The Principal and the coordinator of the IQAC of the institution guides the departments regarding the preparation of Program outcomes, program specific outcomes and course outcomes. These are framed by the departments in accordance with the university prescribed syllabus, the core values and objectives of the institution.

Each department, after extensive discussions, according to the nature and scope of the Programmes and courses offered by them, prepare sets of Program outcomes, program specific outcomes and course outcomes. They are communicated to the teachers and to the main stakeholders those are the students. Further the teachers, while transacting the courses, communicate to the students about the outcomes that are expected from them in each module. This gives them clarity and a sense of purpose.

Program Outcomes – These represent the knowledge, skills and attitudes the students should have at the end of a degree programme.(BA, B.Sc, B.Com, M.Sc)

Program Specific- Outcomes are statements that describe what the graduates of a specific degree program should be able to do at the end of each program.

Course Outcomes – Every student is expected to benefit after the end of each course he does. At the end of a particular course each student is expected to understand and have an indepth knowledge and understanding of a core body of the subject as well as the ability to employ modes of inquiry appropriate to that field.
