Extension Activity Report

On

**Popularization of Basic Science Education  
among High School Students**

at

**PM English Medium High School Ankola**

**Date: 22st December 2021**

**Place: PM English Medium High School Ankola**

**Beneficiaries: 100**

**Objectives:**

- To arouse the latent curiosity of rural children through hands-on science education.
- To ultimately generate scientific minded citizens targeting rural high school students.
- To provide a forum for children to pursue their natural curiosity and quench their thirst of creativity.
- To relate learning of science to the environment around.
- To inculcate a scientific temper amongst rural high school children through the practice of the method of science, i.e. observation, collection of data, experimentation, analysis and arriving at a conclusion.
